Opinions of exhibitors

"For us, participation in MOLDMEDIZIN & MOLDDENT is an opportunity to communicate with partners face to face. Establishing new relationships and partnerships is one of the most obvious advantages of participating in the exhibition. Many thanks to the organizers and I would like to recommend expanding the pharmaceutical section of the exhibition. As a specialized event, the exhibition MOLDMEDIZIN & MOLDDENT, undoubtedly, brings great benefits to both practitioners and companies in the specialized market."

Georgel Bacinschi, Balkan Pharmaceuticals

"We are satisfied with our participation. Our equipment for clinics was highly rated by all the professionals who visited the Be Cleany's booth. I would suggest, in order to increase the presence of specialists at the exhibition, including those from the districts, to hold the exhibition also on weekends."

Alexandr Kazmali, Head of Sales Department, Be Cleany

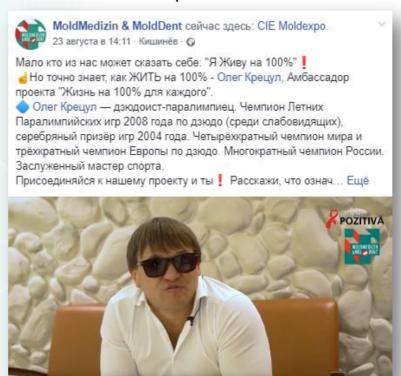

SPECIAL PROJECT 100% LIFE FOR EVERYONE!

The project 100% Life for Everyone! aims to combine the efforts of all responsible and interested parties from the public, private and civil sectors to create an environment in which each person, regardless of their vulnerability, enjoys all rights and opportunities. necessary for 100% life. Thanks to modern medical technologies, efficient and transparent procurement mechanisms, health can be bought - the price is provided for by the budget.

The ambassador of the project 100% Life for Everyone! is Oleg Cretul, a Paralympic judoist, champion of the 2008 Summer Paralympic Games in judo (among the visually impaired), silver medalist of the 2004 games, four-time world champion and three-time European champion in judo, multiple champion of Russia, Master Emeritus of Sport.

DAILY FLUX OF VISITORS

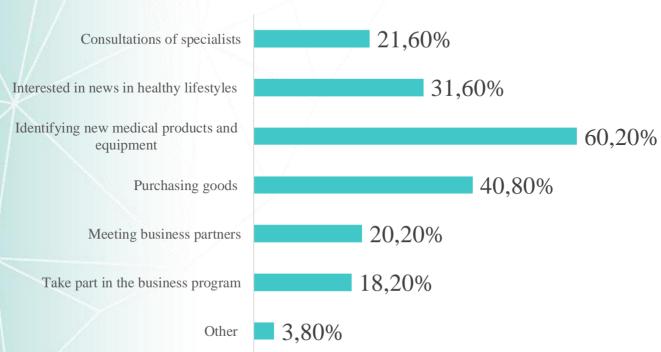

MOLDMEDIZIN MOLDDENT "This is my first time at MOLDMEDIZIN exhibition and I want to say that I am impressed by the level of organization and the number of offers for dentists. In my opinion, special attention was paid to dentistry at the exhibition, many unique technologies were presented. This equipment is very expensive, of course, but the proposed level of accuracy and safety is worth it. Analogues of some models of equipment are not available even in our country. In general, I really liked it."

Ecaterina Butenco, dentist (Odessa, Ukraine)

REASONS FOR VISITING

MOLDMEDIZIN

"I am here to participate in scientific and practical conferences on various issues of dentistry. We talked and exchanged experience with our Moldovan colleagues. The exposition dedicated to dentistry and dental equipment contains many interesting technologies."

Ioana Cupar, dentist (Romania)

"Everything was interesting, I gathered a lot of new and useful information. I would like to note the quality supplies of Be Cleany, you can't imagine what a headache it is for most clinics and hospitals. There are interesting offers in the field of laboratory equipment, reagents. In general, the exhibition should have been especially useful for dentists, breast health specialists and ultrasonographers."
